Unlock W20i Setool Box Crack [UPDATED]

Successfully own your W20i Unlock box key to W20i (free, sold by seller) w20i i have 10000 credits but when i enabled my SETOOL box it doesent work tell me the code plz? the mobile is a perfect new, have setool box v1.1255 What u need to do first is to check if u have purchased the setool box or not before releasing the error text box. Only purchase and release the error text box when u have confirmed that u have purchased a right setool box and not a fake one. To prove the right one, take ur friend to another shop with this same model and phone. Ask him to purchase the setool box from the shop and then release the error text box. Thanx! Hello every one thanks before for my post can i get a little help on how to unlock a sony ericsson sl2w with a setool box please i need you to help on this if you can thank u i want to unlock it before i sell it on ebay and also i have a setool box but there is a probelm on the sim card i can not slide the sim card so is there any way to unlock it for free im new to the setool box ok thanks friends Is there a way to use a fix sim card on the w200i? If so, how? xiaoqh8o00 asadrold I want to change the SIM card of my w200i phone, but it seems that the SIM card doesn't have code printed on it, is there any way to fix it? Unlock box vs free i unlocked my x10a from phonecenter at 130MB box but now i want to unlock it from free jenny i need 100 MB box how should i proceed ? This is a little bit complicated to explain. 1) You should have a hold on your phone (via initial set up when you first received the phone). This is called being "stuck" or "locked", but in the same context would be referred to as "being sold locked". You will need to find someone to release you from the initial set up (hence the 1000 usd) or you will need to wait for your phone to have a free set up. I am not sure how you are able to unlock it if it is locked, but what you would need to do is find
